Lab Exercise – Eclipse Tutorial

Follow the instructions on the eclipse tutorial linked to the website.

Be sure to run and print your code and print the output.

Cut and paste the **output** into a txt file **within** eclipse.

- ➔ Right click on your project folder
- ➔ Select “New”
- ➔ Select “File”

TURN IN (on-line)

- 1- Turn in your **output** from eclipse
- 2- Turn in your **source code** from eclipse
